and Cheryl Ceretto, RN

Sponsored by
Aurora Health Care

 Aurora Health Care®

Objectives

At the end of this course, participants should be able to:

- Describe the anatomy of the heart and its electrical system
- Describe some real-life common cases and understand the best choices for clinical management
- Identify common mechanisms and therapies for wide complex tachycardia
- Explain the differences between cardiac and non-cardiac syncope
- Report current options for management of atrial fibrillation
- Describe best practices for working with physicians in treatment of patients with arrhythmias
- Define nursing role before and after AF ablation and employ best practices
- Understand pathophysiology of lesser known cause of arrhythmogenic sudden death
- Identify unique end-of-life issues faced by patients with ICDs and the appropriate methods of coping
- Explain resynchronization therapy

Purpose

The purpose of this program is to focus on clinical options for the best care of patients with arrhythmias.

Conference Fee

\$50 (includes tuition, materials, breaks and lunch)
There is a non-refundable \$25 registration fee.

If registration is canceled up to 72 hours before the conference, all but \$25 of the fee will be refunded. No refunds will be issued after that time. To cancel, please contact Darla Kazikowski at 414-219-7364 or e-mail darla.kazikowski@aurora.org.
